Subject: Proposed New Yorkshire Wolds AONB - Project Update

Proposed New Yorkshire Wolds Area of Outstanding Natural Beauty:

Project Update

Natural England will shortly commence a statutory and public consultation concerning the proposal for a new Yorkshire Wolds Area of Outstanding Natural Beauty (AONB). It will run for 14 weeks from **8th October 2024 to midnight on the 13th January 2025**.

AONBs were recently rebranded as National Landscapes. Legally however, Natural England can only designate an AONB. To avoid confusion, all documentation and consultation material refer to AONB throughout. If an AONB is subsequently designated, then it would be branded as a National Landscape.

We attach a letter for Parish Council representatives which gives more information on the forthcoming consultation, including an invite to an online webinar which can be booked in advance via Eventbrite.

Further details can also be found on the 'Have your say' section of the project

website: <https://www.yorkshire-wolds-designation-project.org/home>

During the consultation period there will be a number of drop in face-to-face events and online webinars. A full schedule of these events is now viewable on the website at

<https://news.mailshot.naturalengland.org.uk/5423A846E94B61AA0224BADC4DCA936D2B0C7A4B0B86463677598FF261020B61/B9126E890F8C1BE8AB6416678293D412/LE35>

along with more details on what you can expect when the consultation launches and how you can have your say.

We thank you for your interest in this project. If you would like to unsubscribe from future project updates, please click the link below or you can write to us using the details at the bottom of this page. Natural England's Personal Information Charter
