**Subject:** Re: Ploughing Match held on 6 October 2024 at Seamer, Scarborough

Good morning,

I would firstly like to send my apologies on behalf of the Northern Heavy Horse Society for any disruption caused by the ploughing match.

We are very welcome to all feedback as it is very much a learning curve year on year. As you said advertising exact locations on our social media did help some, although it did become clear that many visitors didn't actually use social media.

Taking on board your email and also feedback from the day we will be improving how the location of the ploughing match will be advertised before the day and also extra signage displayed on the day of the ploughing match giving clear directions.

We want to work closely with the local people to make everything run as smoothly as possible so feedback is much appreciated. If in future years there is anything we can do to improve our event please don't hesitate to contact myself.

Thank you for contacting me on this issue,  
Kind regards

Assistant Secretary of the NHHS
